YESTERDAY IN SUPERIOR COURT

Considerable Number of Cases Continued.

Two Cases Tried, Verdicts Being Returned In Favor of Plaintiffs—Judgment Rendered In Case of J. D. Helms vs. C. E. Holton—Two Cases Called Out and Judgment Given In Two Others.

In Guilford Superior Court yesterday morning judgment to the amount of $6,000 and interest from Oct. 1, 1904, was rendered in the case of J. D. Helms vs. C. E. Holton, which case was decided in Mr. Helms' favor on Wednesday. It is understood that counsel for Mr. Holton will appeal the case to the Supreme court.

Yesterday morning the trial of the case of W. H. York vs. Southern Railway Company was resumed, the jury returning a verdict in favor of the plaintiff. Mr. York was seeking to recover $158, alleged to be due him on expense account. He was formerly in the employ of the defendant company.

The case of W. F. Clegg vs. Dannenberg Bros. was taken up, the jury returning a verdict in favor of the plaintiff. Mr. Clegg was seeking to recover the sum of $109.50.

The case of Harriet Sharp vs. Southern Railway Company was taken up yesterday afternoon and the argument of counsel was concluded just before court adjourned for the day. Judge Lyon will charge the jury this morning. The plaintiff is seeking to recover $2,000 for mental anguish, alleged to have been caused on account of the fact that she was not able to go from Lynchburg to Reidsville, where she had a sick daughter, as quickly as she could had proper train schedules been observed.

A number of cases were continued yesterday. The cases of G. A. Upchurch vs. John H. Yow and Lewis Fulp vs. George Kindley were called out. Judgment was given in the cases of Hardwood Mfg. Co. vs. John A. Wilkinson, R. Blinn Owen vs. T. J. McAdoo, et al., L. J. Bishop vs. C. E. Holton et al. The following cases were continued: Rebecca J. Heney vs. Southern Railway Co., Ludwick & Bame vs. Geo. T. Penny et al, Chas. G. Burton vs. J. T. J. Battle et al, John Boyd vs. H. T. Martin et al, Ellis, Stone & Co. vs. Mrs. H. D. Blake et al, Hunter-Stockton-Hill Co. vs. S. G. Brown, Acme Cement Plaster Co. vs. Greensboro Wood Fibre Plaster Co., Standard Mirror Co. vs. Philadelphia Casualty Co., D. H. McCulloch vs. Justice Drug Co., Robert Tomkins vs. North Carolina Railroad Co., Mary G. Kelly vs. North Carolina Railroad Co., R. H. Wheeler vs. C. M. Miller, Jehue C. Gray vs. Southern Railway Co., Joseph G. Pugh vs. M. J. Wrenn et al. Atlantic Furniture Co. vs. the Philadelphia Casulty Co.

It is not likely that any other cases will be taken up after the case now in progress is disposed of. There are but few cases on the calendar and not more than one of these is ready for trial.

GRAND MASONIC RALLY.

Revolution Masons Planning for Big Time Next Week—Free Instruction.

Revolution Lodge, No. 552, A. F. & A. M. has arranged to have a grand rally during next week, three sesions of the lodge to be held each day. The services of the District Deputy W. C. Wicker have been secured and he will attend at each session to instruct the members of the local lodge in the work of Masonry. On Wednesday night, Aug. 31, the master mason degree will be conferred on Dr. W. P. Knight and on Saturday night, Sept. 3, the same degree will be conferred on Dr. Spoon.

Daily sessions will be held in the lodge room in the Graded School building 10:30 to 11:30 a. m., 3 to 4:30 p. m. and 8 to 11 p. m. All Masons from Greensboro are most cordially invited to attend any of the sessions. The members of Revolution Lodge are urged to attend.

This rally was arranged by Worshipful Master John J. Phoenix and a special committee, Messrs. A. S. Cate, J. K. Grogan and A. C. Holt.

BASEBALL NOTES

Champs Won Yesterday From Anderson—Double Header At Cone Park—Benefit Tickets.

"Spero" was avenged yesterday by the score of 2 to 1. Eldridge and Clark were the opposing twirlers and the wonder from Randolph won out by a nose, thereby giving the Champs-that-were the highest percentage that they have had for the entire season—419—just 17 points below Spartanburg. Today Walters or Wallace will probably battle with Wehrell again.

The team returns tomorrow and will be at home for four straight games, the last of the season, and very probably the last of Carolina Association games played here. Charlotte will be the first club to play here.

Yesterday's Results.

Greensboro 2, Anderson 1.
Greenville 4, Charlotte 3.
Spartanburg 8, Winston 4.

Greensboro	44	61	.419

The Benefit Tickets.

The list of fans and friends of baseball who are rallying toward the support of the club owners to help them out of the hole continues to grow. The following subscribed for the $1 benefit tickets yesterday:

J. R. Rankin, 1; W. S. Clary, 1; J. R. Stewart, 2; E. E. Cartland, 1; J. H. Rankin, Jr., 1; S. H. Howell, 1; Regular, 2; Dr. Whitsett, 1; Kendall & Fisher, 5; S. Schiffman, 5; Fan, 1; E. J. McCallum, 2; M. E. Hull, 1.

Double Header Today.

There will be a double-header of good amateur baseball at the park this afternoon. The first game will be between North Greensboro and White Oak and will be called at 2:30. The second, and feature event, will be a game between Proximity and Groometown at 4:30. Twenty five cents sees both games.

Cone Company Vs. Tabernacle.

Manager "Muggsy McGraw" McCormick will take his Cone Company speed boys out to Tabernacle this afternoon to play that team a series of one game for the pennant in the race in Cornfield League. Both teams are tied for top place and this afternoon's game will decide who will be called Champs next season.

A WIRELESS SYSTEM.

It Will Connect Greensboro, High Point and Thomasville Soon.

Greensboro will very soon be on a wireless telegraphy system connecting Greensboro, High Point and Thomasville. Professor Wm. C. A. Hammel, of the Normal College faculty, has had a wireless station in operation at the Normal for over a year and now Mr. Haywood Alderman is erecting a station at High Point and Manager B. F. W. Bryant, of the light and power company at Thomasville, is putting in a station. The High Point station will be on top of the Elwood Hotel and the one at Thomasville on one of the bank buildings in that town.

It is not the purpose of these gentlemen to enter competition with the old line telegraph companies and telephones, but to run their system for their own pleasure and amusement.

Preparatory Service.

Services preparatory to the communion will be held in the First Presbyterian church Saturday afternoon at 5 o'clock. On Sabbath morning the Lord's supper will be administered after the sermon. The congregation is invited to attend the preparatory service. A special invitation is extended to the young people.

New Bookstore, Auction Sales of Books To Be Introduced.

Mr. R. F. Rutledge has opened a bookstore in the former quarters of W. T. Neese, jeweler, 350 South Elm street. Before coming to North Carolina Mr. Rutledge conducted a bookstore in Houston, Texas. He will introduce here auction sales of books. The store will be an exclusive bookstore, no stationery or other articles often found in bookstores being kept.

EXPERTS TELL OF HOOKWORM

Lecture Before the Teachers' Institute.

Dr. J. A. Farrell and Dr. B. W. Page Discuss Disease—Mr. T. G. Pearson Urges Teachers To Teach Children of Value of Birds—Teachers Still Arriving—Outlook For Big Gathering on Rally Day, Next Friday.

The attendance on the sessions of the Guilford County Teachers' Institute is still increasing, the total enrollment now being 183. This is by far the largest attendance ever recorded at a county institute in the State. Under the directorship of Prof. J. A. Matheson, assisted by Prof. W. C. Jackson and Mrs. J. A. Robinson, the work is progressing satisfactorily, the courses being far advanced.

Thursday afternoon Dr. J. A. Farrell, of the Rockefeller Hookworm Commission, lectured before the teachers on the Hookworm disease, pointing out the many ways in which the teachers could aid materially in wiping out this disease by instructing the children so they could better sanitary conditions which would tear away in a measure the root of the disease. Yesterday morning Dr. B. W. Page also lectured on the Hookworm disease. Both lectures were timely and were heard with considerable interest by the teachers.

Secretary T. Gilbert Pearson, of the Audubon Society, lectured yesterday morning on bird life. The speaker urged the teachers to impress upon their pupils the untold value of the birds which destroy many insects each year that would almost ruin the crops. He pointed out many instances where birds are quite valuable.

The new arrivals are: Margaret E. Peele, Guilford College; Lelia Harris, Snow Camp, Route No. 2; Flora Cooper, Greensboro; W. S. Needham, Greensboro; Mrs. W. E. Benbow, Oak Ridge; Lon Gray, Glenola; W. G. Garner, Denim.

County Superintendent Foust states that he is expecting a large number of people from all over the county on next Friday, the occasion being the Rally Day of the Institute, which will be the closing feature. Several able addresses will be made. Supt. Foust is sending out letters reading as follows to the school committeemen all over the county:

"I know that it will be gratifying news to you when I tell you that we are in the midst of the most largely attended institute for teachers that has ever been held in this county, and I do not think it has been equalled numerically by any county in the State. The work is progressing nicely, and all the teachers are very much interested in everything that pertains to the betterment of school conditions in Guilford county.

"As a fitting close for this institute we are planning a meeting of the committeemen, teachers, and others, for Friday, Sept. 2, at 10:30 a. m. in the court house. A good program will be prepared for the meeting, and we hope to make it an occasion that will uplift the educational interests of this county.

"I am writing this to you as a special invitation for you and the members of your family to be present with us on that day. You will also please give notice throughout your community, and ask all who can possibly do so to meet with us."

Negro Excursion Train Gets a Bump.

A switch engine bumped a negro excursion train yesterday in Danville in which three or four excursionists were slightly injured. The negroes were from Oxford and the train had been derailed before reaching Danville. The wrecking crew was sent out from here. Both accidents were slight.

THE INTERURBAN TROLLEY SYSTEM

Piedmont Traction Co. Means Business.

Will Soon Begin Work of Constructing South Carolina End of Line—Expert Secured to Have Charge of Construction Work—Charlotte Will Likely Be Most Important Point on System—Will Line Come To Greensboro?

The Piedmont Traction Company, which proposes to build an interurban railway from Anderson to Greensboro, is making preparations to get down to the real business of constructing the line. While the South Carolina end of the line is assured, there has been little or no agitation in favor of this railway north of Charlotte. That city is pulling for the enterprise with considerable enthusiasm and will in all probability be made the most important station along the entire line.

Greensboro citizens have not taken much stock in the declaration of the company that it intended constructing the line and consequently but little enthusiasm has been manifest here over the possible coming of the interurban to this city. The promoters assert that while they have plenty of financial backing to build the road it is necessary to have a certain amount of local capital in the towns through which the line passes invested in the enterprise in order to insure successful business operations. As soon as this local capital is forthcoming the surveys, etc., will be made.

That the company intends to have its line built according to the most improved methods is shown by the following, taken from the Charlotte Chronicle:

"The Piedmont Traction Company has secured the services of Mr. James L. Millspaugh, general superintendent of the Michigan United Railway Company, who will be associated with Mr. J. P. Clark, vice president and manager of the new concern, in the development and operation of the new interurban trolley system for this section. Mr. Clark was formerly assistant to the president of the United Michigan Railway Company in which capacity he practically managed the affairs of the large Michigan system. The action of the Piedmont Traction Company in employing the best interurban experts in the country is in line with its policy for not doing anything half-handed and is a pleasing indication that the company in its constructive work and operation, will have everything at the top notch of perfection."

The following from the Greenville Piedmont regarding the interurban system is of interest:

It is practically a sure thing now that the plans of the promoters of the interurban trolley system to connect the cities and towns of the Piedmont section of the two Carolinas will be carried through to completion and that without any unnecessary delay. That part of the system in South Carolina, known at present as the Greenville, Spartanburg & Anderson railway, is already assured and work is progressing as rapidly as the circumstances will permit. The amount of local capital that was required was subscribed several weeks ago and there will be no further delays in the construction of the road. In North Carolina the full amount of stock required from the cities and towns interested has not yet been secured, but it is evident that the officials of the Piedmont Traction Company are confident because they are proceeding with all dispatch with the preliminary work, and those close to the promoters say that no time will be lost in beginning the actual surveys and construction work.

Another evidence of the certainty of the interurban proposition is the fact that officials of the companies are conferring already with car manufacturing companies regarding orders for the equipment for the lines. It is understood that the heavy interurban cars, such as are in use on the large northern and central western systems, will be used and both local and express or limited schedules will be maintained. The cars are of 80 to 100 horsepower, 60 feet long with compartments for white and colored passengers and a baggage, or express compartment.

It cannot of course be estimated at present how soon interurban cars from other cities in the Piedmont section of the Carolinas will be running into Greenville, but it is a reasonable prophecy to say that it will be as soon as the preliminary plans can be completed, the surveys made and the construction work on the lines completed. The people of this city, in common with those of the other cities interested, are wide awake to the value of the proposed systems and are interested in every move looking toward a realization of the plans of the company.

WINSTON MAN SUICIDES.

Mr. Walter Tise, Local Manager of Western Union, Sends Bullet Through Head.

Winston, Aug. 26—Mr. S. Walter Tise, for 22 years manager of the Western Union telegraph office, shot and killed himself at 1:15 this afternoon in the back room of his office.

The deceased was one of the city's most popular young men and the news of his act has cast a gloom over the entire community.

The only reason given for the rash act is overwork and declining health. A year ago his physician advised him to take a long vacation to recuperate his health which had not been good. He was away from his office only a few weeks, returning despite the entreaties of relatives and friends.

His associates in the office were shocked beyond expression. After returning from dinner today Mr. Tise went to the store of Mr. Oscar Hege and asked for the loan of a pistol, saying he wished to take a little vacation and wanted to do a little shooting this afternoon. He was first shown a twenty-two calibre pistol, but he asked for a larger one and one of 38 calibre was handed him, and he went direct to the office and stepped in the back room. Mr. Clint Schaum, operator in the office, responded to a telephone call and just as he picked up the receiver he heard the pistol shot in the back room, fired by the manager. Mr. Hege had called up the office, suspecting something wrong, the thought coming to him that Mr. Tise had never before been known to either buy or borrow a revolver. His inquiry came too late, however, as the act had been committed and the man who was recognized by all who knew him as a splendid citizen and high-toned Christian gentleman was then breathing his last.

The ball entered near the right temple, and coming out on the back of the head. The two operators picked him up and carried the body in the front office and laid it on the floor, where it remained until physicians were summoned. Later the coroner held an inquest.

Mr. Tise was regarded one of the most capable and efficient men in the service of the Western Union. He was a hard worker and looked after every detail connected with the office. He devoted from twelve to sixteen hours every day to the duties of his position.

The deceased is survived by an aged widowed mother, Mrs. Sarah J. Tise, and three sisters, Mrs. Geo. E. Kirkman and Misses Alberta and Roberta Tise. In the home he was always idolized by every member of the household. He was kind and affectionate to one and all.

The body was removed to the undertaking parlors of Frank Vogler & Sons and prepared for burial. Later it was sent to the home of the mother, on Main street, Salem.

The sympathy of the entire community goes out to the bereaved relatives.

So far as known Mr. Tise left nothing to give the family any definite idea why he took his life. His associates say he seemed to be jolly and in a happy mood all morning. In discussing matters relating to his business he would frequently say that his work and responsibilities were continually increasing.

The hour for the funeral service has not been arranged yet.

While all indications pointed to suicide, it was thought best to summon the coroner and hold an inquest. Coroner Dalton summoned the following gentlemen as a jury: M. I. Stewart, A. W. Schaum, S. J. Bennett, Charles Tesh, Edward Mickey, and J. R. Shepherd. After viewing the body in the office of the company, the jury went to the court house and heard the testimony of the witnesses, and returned a verdict that the deceased came to his death by his own hand.

NO MEETING OF THE ALDERMEN

Only Two Members Present Last Night.

Adjournment Taken Until Monday Night—Several Matters of Public Interest Will Come Up At That Time—Discussion of the Automobile Ordinance With Amendments Looked For.

Last night was the regular time for the meeting of the city aldermen, but only Mayor Stafford and Aldermen Clendenin and Ellington were on the scene. Accordingly an adjournment was taken until Monday night at 8 o'clock. At this time several matters of importance will come up for discussion.

Present last night and ready for action were a number of automobile owners and Commissioner Turner. The chief grievance of the automobile owners was the clause in the automobile ordinance requiring each licensed driver to display in a prominent place on the machine a license number of certain dimensions. They claim that where several members of a family drive the same machine it would be literally covered with these numbers, making it present a most unsightly appearance.

While Commissioner Turner is also against the sign feature his principal object in coming before the board last night was, he stated to a reporter, to state to the board that he was unwilling to serve as commissioner for the fees allowed unless the sign section of the ordinance was cut out. At the last meeting of the board Dr. Turner stated that he would be willing to serve as commissioner and examine the driver-applicants for the sum of $1 per applicant, provided the board would allow him to use small license number badges, similar to those used by hack drivers. The board at once cut the fee to one dollar, but voted down an amendment that would do away with the "hideous" number placards.

It is likely that at Monday night's meeting this section of the ordinance will be amended so as to allow hired chauffeurs to use badges and private owners to carry cards or badges fastened to the lapels of their coats. Also an amendment extending the time for the ordinance to go into effect will be passed. The signs have not yet been ordered and the examination of applicants has not been commenced, Commissioner Turner being in doubt as to whether the board would amend the section of the ordinance or allow him the original fee of $1.50 for each examination.

There will be several applications for license to run near beer saloons to be acted on at Monday night's meeting. The report of the Cemetery Trustees will also be made as will the report of the special committee to look into the advisability of accepting certain streets in North Greensboro.

WADE'S CIGAR STORE STARTS BUSINESS TODAY.

Located In Store Room Formerly Known As "Saleeby's"—Cigars To Be Manufactured Later On.

Mr. J. T. Wade, proprietor of Greensboro's newest cigar store, has everything in readiness for his opening today. The store is located in the Guilford hotel building at corner of Sycamore and Elm streets in the store room last regularly occupied by Saleeby, a confectioner.

Mr. Wade has installed a fine set of fixtures and has ready for customers a varied line of cigars, cigarettes, tobacco, smokers' supplies, etc.

He was for years superintendent of the cigar factory here and there is hardly anybody who knows more about cigars than does he. A little later he expects to manufacture a line of cigars.

Ray's Case Settled.

Will J. Ray, who was arrested Thursday on the charge of disposing of mortgaged property while a resident of Rockingham county, yesterday agreed to pay 50 cents per day out of his wages until the mortgages were paid. This was agreeable to the prosecutor and the case was settled. Ray is employed at White Oak.

BRIGHT'S DISEASE

Let there be no evasion—we mean chronic and supposed incurable cases involving dropsy, albumen and casts. They are curable in a great majority of all cases.

Let us cite a typical case—that of Mr. R. F. Nitsckke, of 1246 Spaight street, Madison, Wis. There had been eight physicians on this case and it got so extreme that he finally had one of the last symptoms; namely, failing eyesight. In January, 1907, the doctors admitted that nothing further could be done, and they sent him to Eureka Springs, Arkansas. He continued to get worse, the dropsy finally reaching the stomach, heart and lungs. At one time tests showed albumen as high as 75 per cent.

He learned of Fulton's Renal Compound and began to take it July 3rd. Dropsy began slowly to decline and the albumen dropped to forty, then to twenty ,then to ten, and finally to two per cent in May, 1908.

The patient is now back to his employment and is devoting full time to his business.

Patients desiring to know more of this treatment can get full literature by writing to the Jno. J. Fulton Company, 645 Battery street, San Francisco, Cal.

Fulton's Renal Compound can be had in your city at Fariss-Klutz Drug Co.

We desire every patient to write us who is not noting the usual improvement by the third week.

NOTICE TO PATRONS OF THE PUBLIC SCHOOLS.

Weigh Yourself Before Using.

Weigh yourself before commencing to use Samose, the great flesh-forming food. The wonderful sale on this preparation since first introduced in Greensboro and the remarkable results its use have made Howard Gardner such an enthusiastic believer in the great value of Samose that he gives his personal guarantee to refund the money if Samose will not make thin people fat and restore strength and health to those who use it.

This is a strong guarantee, but Howard Gardner has seen so many of his customers who a few weeks ago looked like walking skeletons become plump and well, solely through the use of Samose that he feels he cannot say too much to induce people to try it.

This marvelous flesh-forming food is assimilated as soon as it is taken into the stomach, makes good rich blood, tones up the weakened system, helps to assimilate the food and makes the user plump, well and rosy.

"DEAD" MAN TALKS TO LOVED ONES LONG AFTER "END"

Cold, Rigid, With Eyes Glazed and Pulsation Stopped, Theo. P. Bailey Gives Clear Directions to Wife and Child in a Philadelphia Hospital.

New York World.

Philadelphia, Aug. 24.—Medical circles and psychological students are interested in the peculiar phenomena accompanying the death in a private hospital here of Theodore P. Bailey, assistant manager of the Philadelphia offices of the General Electric Company. Blood poisoning followed a delayed operation for appendicitis apparently caused Bailey's death at 11:45 o'clock last Saturday morning.

At that moment all pulsation stopped, his eyes became glazed and closed, his limbs rigid and his body cold.

But for twenty-seven minutes he continued to talk to his wife and daughter till his vocal organs became paralyzed. He continued the conversation for eighteen minutes more with his daughter by means of the deaf and dumb alphabet.

The story is told by his wife, daughter and private secretary. Several physicians today professed to see nothing improbable in the story, though they admitted it was decidedly unusual for a person to be able to talk after his heart apparently had lost all action.

Bailey, who was forty-seven years old, was a man of unusual nerve power and mentality. He came of a brain working family. He had been a stenographer, law student, practicing attorney and builder-up of the great electrical business in this country.

Never strong physically, he had carefully presevred his health, and possessed up to the time of his last illness a wonderfully fine strung and highly organized physical system, which responded quickly and harmoniously to any demand for fatiguing labor his busy mental life put upon it. He was intuitive, almost clairvoyant, in his mental processes. All this, it is said, had a bearing upon the remarkable manifestation of the power of mind over matter at the time of his death.

Smoking Room for Women.

New York Press.

Apropos of the recent controversy over cigarette smoking by women, which has agitated the West, it is interesting to learn that Chicago is soon to have a theatre with a woman's smoking room, as well as a ticket-selling system especially for women. The building company has no intention of sparing cost in the plans for the new theatre, which will be housed in a 20-story office building at Madison street and Wabash avenue. "Three million dollars will be spent in providing every comfort in the new play-house for women," said a representative of the company. "Take the women's smoking room, for example. Many women dislike to go into a theatre rest room because of the smoke; others, who desire to smoke, don't care to do so in the presence of women who find the habit objectionable. By having a smoking room separated from the general rest room for women, we can please them all."

A New Cure For Rupture.

Without The Use of Trusses.

At the Invalids' Hotel and Surgical Institute, in Buffalo, N. Y., for the past ten years have been performed the most wonderful cures of rupture and false rupture and with greater uniform success than at any other hospital in the country. The Staff of Physicians and Surgeons at the Invalids' Hotel have made radical cures in over 5,000 cases, and this without ill effects in any case. A remarkable record is this, when you consider that with very few exceptions patients are able to be out of bed the day following treatment and have since remained cured. The treatment is painless and safe. Neither ether nor chloroform is used. The average case requires but ten days' stay in the Institution. After leaving the Institute a bandage is worn for a month or so, until all swelling has disappeared, after which time the bandage or truss may be permanently removed.

There is no safety in depending upon a truss of any kind. Every man who has suffered the agonies of a strangulated hernia undoubtedly thought himself safe until the very hour of death. Both the rupture and the truss keep up a mental strain, and induce nervous debility and various organic weaknesses of the kidneys, bladder and associate organs. There is no longer any need of wearing these clumsy, awkward, chafing old trusses that, at best, give only partial relief, but never cure; often inflicting great injury, and inducing inflammation and strangulation from which many die annually.

If any one should doubt the above statement, they have only to write the Institute, and they will receive a pamphlet, giving the names of a number of people to whom they can write and verify this statement. A chronic disease which may baffle the skill of the general practitioner may yet be permanently cured by the physician who has made one line of disease a specialty. It would be just as absurd for a professor in a medical college presuming to lecture on all subjects as for the one physician to presume to understand the nature and cure of every disease.

That is why Dr. R. V. Pierce established the Invalids' Hotel and Surgical Institute many years ago—with a full staff of Physicians and Surgeons—who though educated to practice in all departments of medicine are here assigned to a special department only—to which each specialist devotes his entire time, study and attention.

There are over one hundred diseases of the kidneys. Each disease requires special treatment, diet and hygiene. No one remedy can cure all these various diseases. Each case demands particular treatment, and that is why the Invalids' Hotel and Surgical Institute at Buffalo, N. Y., has had such great success in curing kidney disease in its various phases.

The Physicians and Surgeons employed in this completely equipped Sanitarium are among the most experienced and skillful in the country, men who have made these diseases their life study, and whose highest ambition is to excel in their treatment. How well they have succeeded may be judged from the fact that their practice embraces cases from every state and territory of the Union, as well as from foreign lands. Many thousands are annually treated either through correspondence or at this Institution, founded by Dr. R. V. Pierce many years ago. It's an old adage that "Experience makes perfect," and the skilled specialist in this field of practice cures thousands of cases which have been abandoned as incurable by general practitioners.

A chemical and microscopical test of the water from the human body will tell whether the kidneys are in good health or not. These tests of health are conducted by expert physicians and chemists every day at this Institution. Such examinations are made without charge. All you have to do is to send a sample by express to the Invalids' Hotel, at the same time write a letter and you will promptly receive the result of the analysis and this absolutely *without charge.*

This remedial home as established by Dr. Pierce is supplied with every known apparatus and means of cure, for its aim is to avoid surgical operations whenever possible.

Great care is exercised not to over encourage those who consult the specialists of this institution that no false hopes may be raised.

Many thousands are annually treated both through correspondence and at this Institute. Every one consulting by letter or in person receives the most careful and considerate attention. All communications are treated as strictly confidential.

No charge whatever is made for consultation.

BLINDING A SHARK.

A Pearl Diver's Ruse by Which He Made Good His Escape.

A successful diver must possess great courage and nerves of steel. Such a man connected with a large wrecking company was visiting some years ago the pearl fisheries in the gulf of California, where sharks abounded. On one of his trips in quest of the pearl oyster he had a narrow escape from a fearful death.

He had been instructed never to stir from the bottom until he had looked up and around. Fortunately he heeded the advice. Having filled his bag, he glanced quickly about and caught sight of a huge shovel nosed shark watching him.

In an emergency men think fast. Near the diver was a large rock. He moved quickly to the other side of it, hoping to dodge the ferocious monster, but the maneuver did not work. The shark watched every movement, changing his position by a slight motion of his powerful tail.

Time was precious, and the diver conceived the idea of blinding the shark by stirring up the mud. Under cover of that he might escape. He worked for dear life and had the water thick with mud in less than half a minute.

Slipping around the rock again, he rose to the surface, having barely strength enough to reach the side of the boat, and was hauled on board just as the voracious man eater made a rush for him.

An Itching Skin

Woman's Friend

Nearly all women suffer at times from female ailments. Some women suffer more acutely and more constantly than others. But whether you have little pain or whether you suffer intensely, you should take Wine of Cardui and get relief.

Cardui is a safe, natural medicine, for women, prepared scientifically from harmless vegetable ingredients. It acts easily on the female organs and gives strength and tone to the whole system.

TAKE CARDUI

The Woman's Tonic

Mrs. Verna Wallace, of Sanger, Tex., tried Cardui. She writes: "Cardui has done more for me than I can describe. Last spring I was taken with female inflammation and consulted a doctor, but to no avail, so I took Cardui, and inside of three days, I was able to do my housework. Since then my trouble has never returned." Try it.

BACH'S MUSIC.

Some Advice as to How It Should Be Interpreted.

The interpretation of Bach must always be noble, broad and firm, rather too hard than too soft, explains Ferruccio Busoni, the great pianist, in the Delineator. Affected methods, such as a "soulful" swelling of the phrases, coquettish hurrying or hesitating, too light staccato, too smooth legato, pedal debauchery—all these are vicious and out of place here. If used with a proper sense of proportion a certain elasticity of the tempo, giving the interpretation greater freedom, will improve the playing of Bach materially.

The modernization of Bach's compositions by such masters as Liszt and Tausig and many others is accepted by all clear thinking musicians as not derogatory to the master's style. It affords rather a completeness of expression. Witness the fact that Raff has orchestrated Bach's "Chaconne" without making it seem ridiculous. Many others have followed with happy results Raff's example of arranging Bach's music for the modern orchestra.

The ease with which Bach's music lends itself to this adaptation is proof of his comprehensive genius. He was not for his day, but for all time.

Bach's "Prelude" and "Fugue No. 10," important and not too difficult, show the many sided branching of the present day piano technic. The legendary tradition of playing Bach without the use of the damper pedal is obsolete.

MENTAL INFLUENCES.

The State of the Mind Has a Direct Effect Upon the Body.

A good deal is said in these days about the effect of mind on matter in the way of the cure of disease, but less is heard about mental influences as a cause of bodily ills, yet it is an old truth that the state of mind has a direct effect on the body. The gloom and depression caused by worry and anxiety create a morbid condition of the physical system. It is impossible to feel well physically when the mind and spirits are downcast. The blood does not circulate properly, appetite fails, the head aches, and if these morbid conditions continue more deep seated ailments are likely to arise, and cancer may be one of them.

With many persons a fit of anger is followed by an attack of indigestion. Excitement destroys the appetite, bad news creates nausea, fright causes faintness, and so on. Violent or depressing emotions always disturb the equilibrium of body and mind alike. This being the case, it is inevitable that when these emotions often recur or become continuous serious physical results will follow. The obvious lesson is, then, that mental serenity tends to health—is, in fact, an essential element of health—and that instead of resorting to mind "cures" after the health is broken it is wise to preserve the serenity as a preventive and safeguard against disease.—Indianapolis Star.

CANARY BIRDS.

The Care That Should Be Bestowed Upon These Songsters.

Those who are charmed by the singing of the canary will find in the following directions much that will increase the happiness of the songster, provided the hints are heeded:

Place the cage so that no draft of air can strike the bird. Give nothing to healthy birds but rape and canary seed, water, cuttlefish bone and gravel paper or sand on the floor of the cage; no hempseed; a bath three times a week. The room should not be overheated—never above 70 degrees.

When moulting (shedding feathers) keep warm, avoid all drafts of air. Give plenty of German rape seed. A little hard boiled egg mixed with crackers grated fine is excellent.

Feed regularly at a certain hour in the morning. By observing these simple rules birds may be kept in fine condition for years.

For birds that are sick or have lost their song procure bird tonic at a bird store. Very many keep birds who mean to give their pets all things to make them bright and happy and at the same time are guilty of great cruelty in regard to perches. The perches in a cage should be each one of a different size and the smallest as large as a pipestem.

If perches are of the right sort no trouble is ever had about the bird's toe nails growing too long, and, of all things, keep the perches clean.—Exchange.

The Wolves and the Meat.

"I had thought that it was peculiar to human nature to regard that which one has as of less value than that which one has not, but I had reason to change my opinion the other day," said a visitor to the zoo.

"A keeper tossed four pieces of meat into the den of two gray wolves. One piece landed on the roof of the shelter house, and a wolf with a lame fore leg passed over the pieces on the ground, and, standing on his hind legs, tried and tried to get that on the roof, which was just out of reach. The other hungry wolf gave his attention to the pieces on the ground and disposed of all three. Going over to the house, he sniffed for a moment and then sprang upon the roof, ate the fourth piece and stretched out for repose."—New York Sun.

We think it pretty well settled that all danger of a Republican Congressional victory in the Sixth has been eliminated.

Mr. Roosevelt declaims against grafting, but it is easier to make a thousand speeches (all very much alike) against grafting than it is to bring one grafter to justice.

Gov. Patterson, of Tennessee, declares that there is no truth in the rumor that he is to withdraw from the race for Governor. It is agreeable to see that he has made up his mind to take his medicine.

Former Secretary of the Interior Garfield says the fight against Cannonism is not a fight against Cannon. As Uncle Joe is getting all the licks he would be justified in accepting Mr. Garfield's explanation with several grains of allowance.

South Carolina boasts a farmer who plows with small charges of dynamite. We have heard it said that life on the farm is monotonous. With increasing use of dynamite, we can see where the spice of adventure is is going to figure in the equation.

Dr. Wu Ting Fang will head the Chinese delegation to the Hague Permanent Court of Arbitration. There won't be many wiser men there, if any, than this Oriental. It is hardly to be doubted that he will give wiser advice on problems connected with the preservation of universal peace than some of the delegates that may be sent from the enlightened United States.

Is this man Roosevelt crazy? Speaking in Cleveland Friday he said, "I will make the corporations come to time and I will make the mob come to time. I shall insist on honesty if it breaks up the best business of the land and shall insist on order under all circumstances." To hear him talk, one would think that President Taft, the Supreme court and inferior courts, and Congress had all gone out of business and that there was nobody to look out for the welfare of the country but Theodorus I. Such an exhibition of egotism and presumption we do not think the history of the country hitherto can show.

The following is from the Charlottesville Progress:

Every business man who fails to advertise in his local newspaper is encouraging, indirectly, the practice of patronizing out-of-town houses.

The local merchant in the very nature of the case is a relentless business foe of the mail order house. If he is an energetic, live sort of a business fighter, he will use the home paper in order to tell the people that they had better beware of mail order houses and do their buying at home where they can see goods before they yield up for them their hard-earned money.

The Charlotte Observer says:

The State Democratic executive committee has declared that neither H. L. Godwin of Harnett nor O. L. Clark of Caldwell was legally nominated for Congress in the Sixth district and has ordered a general primary throughout the district to insure a legal nomination. This action, based as it is upon the report of the committee selected by Chairman A. H. Eller to investigate the situation, will doubtless meet with the most general approval, insasmuch as it appears to be the most judicious solution possible of a very troublesome problem.

Had the committee decided in favor of Godwin, the Clark forces would have been disgruntled. Had it decided in favor of Clark, Godwin and his followers would have been estranged from the party. But neither side can objeet to the matter being left to the will of the voters themselves.

Previous as well as present evidences of devotion to Mr. Aldrich are being used as campaign thunder against reactionary Republicans by the progressives of that party. Representative Townsend, of Michigan, covets the Senatorial toga now more or less jauntily worn by Julius Caesar Burrows. Last winter Aldrich was in Detroit and in paying compliments to the Rhode Island Senator Burrows said that when he wanted anything for Michigan he knew where to get it and that Senator Aldrich never failed him. Mr. Townsend has resurrected this statement and is using it with telling effect at this time when Aldrich is so unpopular.

MAJ. STEDMAN A LUCKY MAN.

Roxoboro Courier.

If ever a man was to be congratulated it is Maj. Stedman. After all of the wrangling and adjourning the Republicans at last nominated Mr. D. H. Blair, of Winston as their candidate for Congress in this district. They wanted to run the present Congressman, Mr. Morehead, but he was too wise and would not accept. Then they slated Mr. W. A. Blair, brother of the nominee, but his business affairs were so pressing that he just could not make the race, so they forced in his younger brother, David. He could not decline for he was under obligations, having been feeding at the trough as census supervisor. With inevitable defeat staring them in the face they were all so busy that nothing could induce them to accept, hence an easy mark has entered the ring. Yes, Maj. Stedman is a lucky man.

SOUTHERN POWER COMPANY.

This System, According to the Electric World, Is the Most Important Network On the Atlantic Slope.

Of the Southern Power Company, which furnishes power to the North Carolina Public Service Company, the Electric World says:

"As the most important network on the Atlantic slope, and the only one in which extremely high voltage is employed ,this system is notable and its industrial importance is unexceptionally great.

"The system as it now stands includes four hydroelectric stations aggregating 98,000 horsepower and distributing energy to nearly 150 mills over nearly 900 miles of circuit. There are 63 substations and eight tie-in stations, aggregating about 50,000 in high voltage transformers. To the cotton mills of this region this power is indispensable and the cotton industry has grown under the stimulus.

"The Southern Power Company certainly deserves congratulation for the admirable network it has built up, for its success in going to the highest working voltage now available and, above all, for the work it has done in stimulating industry and strengthening the material resources of the South. This progressive organization has already placed the district over which its operations extend in the front rank of textile manufacturing centers of the United States, and there is no indication that its activities have reached their climax. In addition to being a great commercial enterprise of which any section of the United States might be proud, its operations are bringing prosperity to a district having almost the bounds of a State, and stimulating a whole population from a condition of former commercial and industrial apathy, to an activity comparable to that which characterizes a new Western State."

Off To the Races.

Mr. T. M. Arrasmith, of Hillsboro, was in the city yesterday and left last night for Galax, Va., where he will be starting and presiding judge at the races at the fair in that town next week. Mr. Arrasmith will also be judge and starter at the Winston-Salem, Greensboro, Salisbury, and Spartanburg fairs. He will then leave to preside at the race meets at Lake Charles, La., and at New Orleans. The New Orleans races are among the few big meets of the country that are still run in the old time manner.

A LARGE AUDIENCE APPLAUDS PERFORMERS

Entertainment at Greensboro Female College Last Night Well Received.

A large audience was at Greensboro Female College last night to attend the living moving picture show and everyone declared that the affair was a success, the performers vieing with each other in their effort to entertain the audience. The entertainment was given for the benefit of the Sunday school annex of West Market street Methodist church and a neat sum was added to the fund.

The costumes of the performers were gorgeous and the scenes presented were most realistic. The scene a Holland wedding, a Korean wedding, India streets, etc., were so true to the real life of the countries that it was hard to believe one was not really facing natives of the several countries. The entire program as printed yesterday morning was carried out, each number being heartily applauded.

To say which of the numbers deserved especial praise would be a difficult undertaking. The solo of Miss Clara Glenn was thought by some to be the feature of the evening. The solo of little Miss Julia Turner was also greatly enjoyed.

After the entertainment refreshments were served on the portico of the college and a large number remaind to partake of the delicious ices, cake and sandwiches.

AYCOCK TO OPEN CAMPAIGN IN STATE

"Keynote" Speech to Be Made At Statesville Next Saturday.

Raleigh, Aug. 26.—One of the very first announcements made from State Democratic headquarters by State Chairman A. H. Eller is that the "keynote" speech for the campaign just opening is to be delivered by ex-Gov. Charles B. Aycock at Statesville September 3, under the auspices of the State committee. On the evening of the same day he will speak at Mooresville. The campaigning is to proceed thereafter with constantly quickening pace until the November election. Chairman Eller is just opening his headquarters in the State Club building on the west side of capital square here. With him is Secretary W. E. Brock. Other clerical force, Mr. Eller says, will be added as the work of the headquarters multiples.

Chairman Eller said today that he has assurances of being in close touch with the national campaign committee so that he will very soon be in position to supply an abundance of the very best campaign literature.

Draft of Charter Completed.

The committee appointed by the directors of the Chamber of Commerce to draft a form of charter for the proposed commission form of government for the city of Greensboro, have drafted a charter, which will be submitted to the directors next week. The committee was composed of Messrs. E. J. Justice, L. J. Brandt, Capt. J. W. Fry, Mayor E. J. Stafford. Messrs. R. C. Hood and David Stern. If the directors pass favorably on the proposed charter that the committee submits a mass meeting of the citizens will be called to discuss the matter and go into all the details of the proposition.

The condition of Mr. David Elkin, who is seriously ill at St. Leo's hospital, was somewhat improved this morning.

STORE NEWS

Advance Fall Styles in Suits.

In presenting our first showing of COAT SUITS for 1910 we can only again call your attention to the extreme attractiveness of our styles and the acknowledged superiority of our line in every particular. We are continually increasing our facilities, and with the organization we now have at our disposal, can offer our customers a showing of Suits that quality and workmanship considered, defies comparison. Suits $25 to $35.

A Suggestion for Early Fall

Possibly you have been thinking of a NEW SKIRT for Early Fall, and doubts have come into your mind as to what would be the proper material for this Skirt. Let us suggest to such an one that the French Serges of fine weaves and the small diagonals and that beautiful material called Chiffon Panama, will be used for Skirts this Fall, and you would not go wrong to select your Skirt of one of these materials. We are showing them over our counters at $1.00 and $1.50 the yard—beautiful black.

The Sensation of the Season

All Pure Silk—the biggest value you have ever seen in SILK HOSE. It is the "Marvel" of the moment—don't fail to take a look at them. Everybody can wear Silk Hosiery and feel happy, when they learn that the price is only 50 cents the pair.

The Comet Hose Are Here!

The COMET HOSE have arrived at this store, and can be seen by every one that enters this Daylight Store from 7 o'clock in the morning until 6:30 in the evening. The comet may come, and the comet may go, but the COMET HOSE we have with us today. How about tomorrow? Don't know. They are White, Sky and Pink, and they have the Silk Boot. The price is 50c. Better see them today.

ENGINEERS SURVEYING FOR THE AUXILIARY PLANT.

But This Does Not Mean That It Has Been Decided to Locate the Plant Here.

Engineers have been in the city for two or three days surveying a site for the proposed auxiliary plant of the Southern Power Company that will be located either in Greensboro or some near by city. A local brick manufacturer is also figuring with a contracting firm on brick to be used for the smoke stack to be used for the plant, while another gentleman, it is rejorted, has been figuring with the company for the contract to set the boilers for a 10,000 horsepower plant.

These are evidences that the Messrs. Duke mean business but it does not mean that it is an assued fact as yet that the plant will be located in Greensboro.

SALISBURY MAN DIES HERE.

Passed Away Thursday Night—Remains Carried Home Yesterday.

Mr. S. T. Swicegood, of Salisbury, died at Telfair Sanitarium at 12:30 a. m. Thursday night from tuberculosis, from which he had been a sufferer for some time. The remains were taken to the undertaking establishment of Huntley-Stockton-Hill Company and prepared for burial, and taken to his home in Salisbury yesterday on Southern train number 21 at 12:15.

Mr. Swicegood was a jeweler of Salisbury and the remains were accompanied to his late home by Mrs. Swicegood and his brother, of Thomasville. The funeral services will be held this afternoon at his late residence and interment will take place in cemetery in that city.

ALLISON CARRIED TO STATE PRISON

Asheville Murderer Who Attempted Suicide Taken Through City Yesterday Afternoon—Viewed by Many Curious People At Station—The Letter Written Before He Attempted to Take His Life.

Murderer James B. Allison passed through Greensboro on Southern railway train number 22 at 3:10 yesterday afternoon, going to Raleigh where on February 24 he has been condemned to die in the electric chair for the murder of Frank McGee, city patrol driver, of Asheville. The murder was committed in Asheville a few weeks ago.

The condemned man was chained and in charge of Sheriff T. F. Hunter, of Buncombe, and one of his deputies, Mr. W. H. Wright, who never left the prisoner, one of them keeping his eyes on the desperate man every moment.

Allison is without a doubt one of the coolest and most determined mankillers that the State has seen in many years. Thursday morning when Sheriff Hunter and his deputies entered his cell in the Buncombe jail to take him to the depot to start on his journey to the electric chair, Allison made an attempt to commit suicide by cutting his throat with a small pen knife. The attempt to cheat the electric chair was unsuccessful although he did succeed in cutting a horrible gash in his throat at least one and a half inches deep and four and a half inches long, before he was overpowered. Allison had boasted that he would never die in the electric chair and had determined that he would kill one of the officers and force them to kill him or die by his own hand rather than be carried to the State capital to meet death as dictated by the law. That he firmly expected to die Thursday morning is proven by the following letter which he wrote on the eve of his attempt at self-destruction. The letter was addressed to the city editor of the Asheville Gazette-News, Mr. Lowrie Stockton, and follows:

"Dear Sir:—As I wish to make a full statement as to the killing of McGee in order that the papers may get it straight I herein state to you that we had been at outs for over a year about the Wheeler woman. And when he got me hemmed up at her home about ten days before I shot him, and made me run out the back door. In order to come down stairs I had to face him with a pistol in his hand as the woman had let him in the front door. And most every day after that when he would pass me he would laugh at me and make remarks about it. Right then he was driving nails in his coffin, for I had made up my mind the night he threatened me that I would kill him. He knows I killed him, as we were face to face when I shot him. And I am satisfied, only I wish I could kill that woman that lied to me so much. I tried to avoid trouble with him for over a year, but he wouldn't let me alone and I had rather be killed than to let a man like him run over me. He fooled with the wrong man and I killed him.

"I also wish to state that I am not going to Raleigh to the electric chair. I haven't got but one time to die and I will die in Asheville. I don't intend that they shall drag me about and make a show out of me. I will die game here. I don't intend to represent Asheville in the electric chair of Raleigh by being the first one to go there from here."

The murderer was brought through the city yesterday on the Asheville train and as soon as it became known that he was aboard the train a number of the curious collected about the car in which he was guarded. The condemned man was in the smoking compartment of the first car, sitting on the seat next to the window, facing the engine. Beside him sat Sheriff Hunter while directly opposite him, holding to a chain fastened to the handcuffs around Allison's wrists, Deputy Sheriff Wright was seated. Both officers were alert and watched their prisoner continuously to prevent his making another attempt at suicide. They looked as if they would feel relieved when the murderer was safe behind the penitentiary bars, and not before.

Allison, during the entire ten minutes the train remained in the city said not a word. The occasional wiping his face and forehead with a silk handkerchiefs, the twisting and twitching of his hands and shuffling his feet, betrayed only the least bit of nervousness, although the crowd stared at him like they would stare at some wild and strange beast. He was very pale, caused by the loss of blood in his attempt to kill himself Thursday morning, and the palor, which was heightened by the coal black beard that he affects, with the flashing, determined and cool eyes, which he leveled on the curious crowd, looking every one square in the eye unflinchingly, caused him to look very like a tiger at bay. He would impress anyone as a desperate and coolly calculating man. His throat was covered with bandages, and his hands were kept down between his knees to prevent him from tearing the bandage away and bleed himself to death. Sheriff Fuller said that his wound was getting along well and will be completely healed, if let alone, in a few weeks, surely before he enters the death chamber to take his seat in the electric chair.

NEW PROFESSORS AT UNIVERSITY

Dr. Harry W. Chase and Dr. James M. Bell the New Instructors.

Raleigh, Aug. 26.—Two new professors have just been elected by the trustees of the University of North Carolina, one for the department of education and the other as associate professor of physical chemistry. Dr. Harry W. Chase is added to the department of education. He comes from Dartmouth College and Clark University with especially high endorsements. The associate professor of physical chemistry chosen is Dr. James Munsie Bell of the University of Toronto and Cornell. He has for five years been with the soil laboratory investigation division of the United States Department of Agriculture. President Venable of the Unibersity of North Carolina, is just back from a month's trip to Europe and says that the outlook is for one of the very largest openings in the history of the university.

NEGRO KNOCKED SENSELESS.

Will McCain Strikes Abraham Washington Severe Blow Across Head.

Will McCain and Abraham Washington, two negroes employed by the Greensboro Baggage and Transfer Company, became involved in a difficulty yesterday afternoon about 6 o'clock and McCain dealt Washington a severe blow across the right temple with a stick. The latter fell like a log and McCain took French leave for parts unknown. The unconscious negro was carried to his home on East Market street and Dr. J. E. Dellinger summoned. At 9 o'clock last night the negro was unconscious and it is reported that he cannot live.

Just what the difficulty was is not known as Washington has not been able to tell and McCain did not deem it wise to remain in these parts. The police are on the lookout for McCain.

Notice Teachers.

The teachers of West Market Street Methodist church Sunday school are requested to meet with Mrs. G. W. Whitsett in the office of Mrs. Lula B. Carr this morning between 10 and 11 o'clock for the purpose of making a report on money received for tickets to the Living Picture show.

Mr. G. E. Petty left yesterday afternoon for Mt. Airy to spend Saturday and Sunday.

Every smoker, every user of the weed in any form should visit the new cigar store (Wade's) on Saturday. 2t

Mrs. N. C. Weatherly Will Do a Strictly Cash Business.

After September 15, Mrs. Weatherly will discontinue the credit business and sell strictly for cash on delivery. This step will be of mutual benefit, for it is evident, that if no money is put out for stationery, postage, collectors per cent and no lost accounts, she can sell goods much less than any house running on the credit system. Her goods will be marked for cash and sold for cash only. Mrs. Weatherly wishes to take the opportunity to thank the ladies for their liberal patronage and solicit a continuance of the same under the new cash system.

New matched Val laces, 5, 8 and 10 cents. New matched imitation torchon laces, 5 cents. New Swiss insertings and beadings. New Baby Irish lace collars. New Dutch Lace Collars and Chemisettes. New allover embroideries. New lace stocks and lace medallions at Thacker & Brockmann's.

Ladies, we have just opened up two large shipments of new La France and Sherwood shoes for the fall season, and will be glad to show you the new styles at your convenience. Sherwood shoes sell for $2.00, $2.50, $3.00 and $3.50, La France shoes for $3.00, $3.50 and $4.00. Thacker & Brockmann.

New lot ladies' red and black kid Boudoir slippers, $1.25. New red and black Suede Boudoir slippers, very fine $2.00, at Thacker & Brockmann's.

This store is still more or less upside down and torn up on account of remodeling and putting in a new front, but it looks like people know it pays to buy here, for we have had a good lively trade right along in spite of the confusion and noise and dust kicked up by brickmasons and carpenters. We are beginning to see daylight now, aand some of these days the noise and racket will come to an end and you will se a very much improved and beautified store at the same old place 232 South Elm street. Our new fall goods are coming in and very soon we will be telling you about the biggest and best line of dry goods, shoes, carpets and underwear we have ever shown—and that's saying a good deal. Thacker & Brockmann.

A guarantee here means something. Selling thousands of pairs of shoes every year, as we do, it is possible that once in a while a pair should go wrong, but whenever this happens we are willing and glad to "make good" if you will call our attention to the trouble. A square deal is what we intend to give everybody who deals with us. We were here last year and we shall be here next year. You know where to find us if you have a complaint to make, and you will find us ready to make good every guarantee and glad to correct all errors. Thacker & Brockmann.

GRISCOM ARRIVES.

Anything Lloyd Tells You is Right if He Said It—His Friends Trust Him.

New York Press.

Lloyd Griscom has arrived. What a man who knows him like a book had to say of him when he became president of the Republican County Committee, and what he had to say of him after the State Committee flimflam may interest Republicans who are now watching this young man out on the firing line. First: "I'm no politician. I can't say whether Griscom knows politics or can learn it. I can't say whether he ought to have been put at the head of the County Committee or not. That's not in my line. I know Griscom, though. I have known him as a boy, youth and man. In school and afterward. At home and abroad. One thing I can say about him: If he tells you anything, it's the everlasting truth. If he promises to do anything you can risk your head on it. Maybe that sort of honor is wanted in politics; maybe not. I don't know. But it's Griscom."

After the meeting of the State Committee, when there were more yarns about what happened and why it happened than you could shake a stick at, there was the second comment on Griscom: "All those fellows are lying in blue streaks, and you can depend on it. Why? Because not one of their stories agrees with what Griscom says. Griscom has told it right because if he couldn't tell it right he wouldn't tell it at all." It has come out the way Griscom's friend said it would. Remembering this, Republicans can read Griscoms' statements with deep interest.

Have You Ever Said:
"I don't see how all the Magazines live?"—

Undoubtedly you have. Probably you have often stood before some news stand and wondered what magazines to buy. There *are* a lot of magazines. Most of them are mighty good and most of them live because they are good

But there's one magazine that not only lives but GROWS. There are fifteen or more good reasons for this in every issue. These reasons are its "unbeatable" features—the special articles obtained at enormous cost—the best fiction in the world—and its powerful, sincere editorial purpose.

The September number for example: Every feature is a big one. It is actually *stuffed* with big, vital news—information that you ought to have, articles that explain things, stories that every member of your family will read with intense delight. Here are some of the extra good things:

Splendid Fiction. Stories—fine ones—by Arthur Stringer Alice Brown, Mary Heaton Vorse, George Fitch and John Fleming Wilson.

"The Tooth Tinkers"—An account by **Roy L. McCardell** of "Painless Parkers" and their swindles.

"The Czar of Footwear"—Startling facts—all brand new—about the Shoe Machinery Trust, by **Judson C. Welliver.**

"In Reno Riotous"—A great story of the Johnson-Jeffries fight, by **Harris Merton Lyon,** filled with personality, crowded with local color, and illustrated just right.

The magazine that not only lives but grows is the magazine that is giving to the country "Peary's Own Story," a $50,000 feature; it is the magazine that is publishing the first English translation in America of M. Rostand's world famous drama "Chantecler." It is "the Best Magazine in America" and it is called

DON'T WANDER

You can't stop people on the street to ask them to take you for a boarder. You can't wander up and down ringing door-bells. Who wants a boarder who hunts a boarding-house that way? The pleasantest boarding-places are found in just two ways. First: Read the Telegram's classified ads. Second: If you don't see just what you want, put a little classified ad in the Telegram yourself.

CERTIFICATE OF DISSOLUTION.

State of North Carolina,
Department of State.

To All to Whom These Presents May Come—Greeting:

Whereas, It appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the Greensboro Pepsi-Sola Bottling Company, a corporation of this State, whose principal office is situated in the City of Greensboro, County of Guilford, State of North Carolina (W. S. Hire, Secretary, being the agent therein and in charge thereof, upon whom process may se served), has complied with the requirements of Chapter 21, Revisal of 1905, entitled "Corporations," preliminary to the issuing of this Certificate of Dissolution:

Now, Therefore, I, J. Bryan Grimes, Secretary of State of the State of North Carolina, do hereby certify that the said corporation did, on the 22d day of August, 1910, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In Testimony Whereof, I have hereto set my hand and affixed my official seal, at Raleigh, this 22d day of August, A. D., 1910.

(Seal) J. BRYAN GRIMES,
Secretary of State.

Backach[illegible] is the kidney's cry for help.

Neglect[illegible] hurrying to their aid

Means [illegible]hat urinary troubles follow quickly.

Dire distress, diabetes, Bright's disease.

Profit by a sufferer's experience.

W. L. Pettigrew, Reidsville, N. C., says: "I heartily endorse Doan's Kidney Pills. I suffered for several months from kidney complaint, the chief symptom being sharp pains across the small of my back. When I stooped or lifted, knife-like twinges darted through my body and as can be readily seen, made it hard for me to work. The kidney secretions were irregular in passage and there was sediment in them. I became easily tired and was languid and nervous in fact, was generally run downfl The contents of two boxes of Doan's Kidney Pills effected a cure that has been permanent up to the present time."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average baldheaded man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

THREE LAWYERS IN JAIL.

Sentenced for Contempt of Court, They Drive up in Style in Auto.

San Francisco Chronicle.

Sentenced to spend five days in the county jail by Superior Court Judge William P. Lawlor, the three attorneys of Patrick Calhoun, A. A. Moore, Stanley Moore and John J. Barrett, surrendered themselves to the sheriff at 5 o'clock yesterday afternoon and started for Ingleside in the custody of two deputies. Calhoun accompanied them in a touring car and spent the evening with them in their jail quarters.

It was 8 o'clock when the big gate in the jail fence swung open and the headlights of the approaching automobile lit the path to the main entrance of the jail. With a final "toot" the distinguished party's arrival was announced and the bolt in the iron door was thrown back with a clang. Up the steps went the three attorneys in contempt, followed by Calhoun and two deputies carrying bags and valises patched with the labels of foreign and New York hotels.

A. A. Moore entered, carrying two steamer rugs and puffing at the end of a cigar.

"Where is the chambermaid?" he inquired, as he looked for some one to take the rugs.

Introductions followed; Deputy Bill Kennedy acting as master of ceremonies and introducing Calhoun and the three lawyers to the head jailer and under jailers in the office, while trusties in stripes stood in the doorway "rubbering" at the latest arrivals.

In spite of the pleasantries, the spasmodic satire of the elder Moore and the philosophic endeavor of everybody to appear quite at ease, it was an awkward moment.

Acute or Chronic—Which?

No matter if your kidney trouble is acute or chronic Foley's Remedy will reach your case. Mr. Claude Brown, Reynoldsville, Ill., writes us that he suffered many months with kidney complaint which baffled all treatment. At last he tried Foley's Kidney Remedy and a few large bottles effected a complete cure. He says: "It has been of inestimable value to me." Holton Drug Co.

WOMAN CLIMBS HIGH PEAKS.

Tells of Her Daring Feats in Letter to Husband.

Philadelphia, Aug. 25.—Mrs. Marian Stoll, 3605 Spring Garden street, has the distinction of being the first woman in the world to reach the summit of Mount Winklerturn in the Tyrolean Alps. A message announcing her accomplishment of the mountain-climbing feat was received in this city yesterday.

Mrs. Stoll is 29 years old, and left her home two years ago to study art in Munchen. Early in July she ascended the Bettelwurf and other high peaks in the Karwendel, after which she wrote to her husband, H. Leon Stoll, that she intended to attempt the Zillertal, the Pfundertal, the Brixental, the Groebnertal and other high peaks that have been previously ascended only by men.

According to the dispatch the feat of Mrs. Stoll caused widespread comment among tourist and natives in the Tyrol, it being believed that she risked her life in the accomplishment of her task. Mount Winklerturn and other peaks which she has ascended are considered almost inaccessible even to guides.

BIBLE AND BAKED APPLE.

Mayor Gaynor Adds Another Dish to His Daily Feasting.

New York Press.

In the afternoon Mayor Gaynor sat up more than an hour. He had books by his side and dabbled in one and then another. He took special care not to become too deeply interested in any one subject or book, realizing that would be a greater drain on his nervous system and his physical strength than if he drifted lightly from one to another. He has been reading much of the Bible. His interest in that book is shown by the fact that he has written several articles on it, and in one article discussed the trial of Jesus from a legal viewpoint.

Another dish was added to the Mayor's bill of fare at each meal. In the morning he had baked apples and cream. At noon he ate peaches and cream. In the evening fruit of still another sort was added to his meal. Those dishes were prepared from baskets sent by friends. The Mayor's breakfast was served to him at 7:30 o'clock, his dinner at noon and his supper at 7 o'clock. None of the meals found the Mayor reluctant to eat. He had a refreshing sleep on Monday night, and when he awoke in the morning he greeted Robert Adamson, his secretary, in a cheery manner.

FREE TO YOU—MY SISTER Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman.
I know woman's sufferings.
I have found the cure.

I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—yes, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is safe and sure cure for Leucorrhoea or Whitish discharges, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors, or Growths; also pains in head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles where caused by weaknesses peculiar to our sex.

I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that, it will cost you nothing to give the treatment a complete trial: and if you wish to continue, it will cost you only about 12 cents a week or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Sickness and Painful or Irregular Menstruation in young Ladies, Plumpness and health always results from its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, also the book. Write to-day, as you may not see this offer again. Address

constipation permanently by proper personal co-operation with the beneficial effects of Syrup of Figs and Elixir of Senna, when required. The forming of regular habits is most important and while endeavoring to form them the assistance of Syrup of Figs and Elixir of Senna is most valuable, as it is the only laxative which acts without disturbing the natural functions and without debilitating and it is the one laxative which leaves the internal organs in a naturally healthy condition, thereby really aiding one in that way. To get its beneficial effects, buy the genuine manufactured by the California Fig Syrup Co. only, and for sale by all leading druggists. Syrup of Figs and Elixir of Senna is never classed by the well-informed with medicines which make extravagant and unfounded claims to cure habitual constipation without personal co-operation.
